**B. INSTRUCTIONS REGARDING MAINTENANCE OF ADMINISTRATIVE FILES AND THE MANNER OF DEALING WITH ADMINISTRATIVE MATTERS.**

1. The administrative and office files should in future be stitched after perforation of the file papers at two suitable points on the left side. The two holes in papers should be at appropriate places for stitching with fairly long tags.

2. The stitching of the new files should be so effected that the office noting and the file papers are not disturbed in any manner by the stitching holes. In order to achieve this end, two holes at the proper places should be made in all note sheets before they are brought in use. Sufficient margin should be left on both sides of the sheets so that the noting can be read without opening the tags of the files. New files should be opened in place of the old ones which have already grown bulky and the above instructions should be followed for maintaining the new files. Those files which are not bulky at the moment, should be immediately converted into the new system by making two holes in all the papers. However, extreme care should be taken that this process does not mutilate the existing notings. Where it is not possible to convert these files in the aforesaid manner, new files be opened.

3. It will be the personal responsibility of the Section Officer of the Branch concerned to ensure that the above instructions are effectively complied with by all Dealing Assistants.  
[Office Order No. HHC/+Admn.6 (46)/78, dated April 6,1981]

6. As and when any information/communication is to be circulated to the Officers and officials of the Registry, one copy the reof must be affixed on the Court Notice Board, unless otherwise directed.  
[Office Order No.HHC/Estt.3(209)/84, dated January 9,1997]

9. The officer and official concerned with the receipt and opening of dak envelopes shall invariably open the envelope in such a manner that the postal seal, postal stamp and address of the sender and that of the addressee are not damaged in any manner.
